Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Examiner's Comment

Applicants' request that the filing date of the instant application be corrected to January 21, 2000 is noted. The filing date of a U.S. National Stage Application is set forth in MPEP 1893.03(b). When the file wrapper label or PALM Bibliographic data sheet is printed, the information printed in the filing date box is the date of entry into the national stage rather than the actual international filing date. For all legal purposes, the filing date is the PCT international filing date. The date of entry into the national stage is otherwise the date provided in the PALM system. The issued patent will have all of the relevant dates listed.

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It improperly claims benefit under 35 USC 119 to PCT/US00/01434, and incorrectly lists the filing year thereof as "20000". In order to correct this, note the attached sample declaration hereinafter. This declaration is readily available at www.uspto.gov. Note that the box indicating that the specification was filed on 01/21/2000 as PCT International Application Number PCT/US00/01434 should be checked, and if applicable, the date of amendment thereof should be checked.

It improperly claims benefit under 35 USC 120 to provisional application number 60/118,985. Benefit to a provisional application should have been claimed under 35 USC 119(e). However, it is not required that this claim be made in the declaration, only in the specification. The examiner suggests removing the claim under 35 USC 120 to provisional application number 60/118,985 from the declaration.
